

| 1999 FONVCA's 20 QUESTIONS | (1)Don Bell | (1)Ernie Crist | Bill Denault | Heather Dunsford | (1)Janice Harris | Doug MacKay-Dunn | (1)Lisa Muri |
|-----------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------|------------------------------------|---------------------------------------------------------------------------|-----------------------------------------------------------------------|-----------------------------------------------------|--------------------------------------------------------------------------------------|-----------------------------------------|
| 1. Position on role of the Community Associations | Important link from community to council. Concern of dominance by "professional residents" | Accept more responsibilities | Community Associations need operating guidelines. | See an expanded role to ensure average citizen represented. | Very important- "grass roots" | Important as eyes and ears of council. | Vital- self comfort limited |
| 2. Share source of financial support? | Yes – thus far self-financed | Own + friends | Yes | Yes. Not accepting from unions, developers, corporate bodies. | Yes – all amounts open to FONVCA | Yes | Individual donations |
| 3. Favour Way Heritage Funds currently used | Yes, yr2000 is final year for use on capital renewal items. | All proceeds go to heritage fund | Yes | No – must limit use to capital expenditures. | Yes | No – wants independent audit of what has happened. | (C)DNAQ land is real fund, not \$\$\$'s |
| 4. Foresee further significant Growth in specific areas? | No. Business growth should be encouraged. | No | Growth will be affected by GVRD trends. Business growth to be encouraged. | Yes unless council has vision and will to control it. | No more Braemar-Dempseys, yes to Laurels type. | Some further growth in eastern part – modest compared to other parts of GVRD. | No |
| 5. #Council Meetings etc. attended. | Council 70-76, 93-96, Mayor 76-82, 93-99 | Maximum | About 20% in past 2 years (includes TV) | Often over last several years | Numerous as councillor | Many as chair of NV School Board. | 3-4/week |
| 6. Agree with Waterfront Task Force | In principle, supports many of 172 recommendations | Yes | No | No – but favour some aspects. | Partly | Does not believe we should spend \$millions at this time. | No |
| 7. Playing Field User Fees | Not for amateur and family use and then limited to maintenance. | No for District residents | No | No | Yes for maintenance and development | Field users are already paying via volunteer labor. Outstanding fields attract fees. | Yes |
| 8. How to meet housing needs | Public/private partnerships with density bonusing or lease of District vacant land. | Neighbour-hood needs ; land swaps | Through lease of District lands | Be more creative working with non-profit groups and local communities | With leadership & imagination | Public/private partnerships on District leased land. Granny cottages next to homes. | Limited by why we live here. |
| 9. Growth Philosophy | A | Neighbour-hood driven | A | A | Cannot answer | Slow steady growth. | A |
| 10. Amalgamation with City of North Vancouver? | Yes! | Yes | Yes | Yes | No – support shared services | Yes | Yes |
| 11. Service Cut candidates | Increase efficiencies, Cuts to non-essentials, consult public for priority | Improve efficiency | Take more money from Heritage Fund till provincial recession ends. | Need thorough financial review to comment. | No waterfront, cuts determined by community survey | Will wait for independent audit before commenting. | Review upper management |
| 12. Improved transportation tied to densification? | No locally -to provide alternative to car. Yes regionally -to reduce sprawl. | No. Past tramways in low densities | Regionally yes, locally on "need". | No | No | Improved public transportation will lead to densification. | No |
| 13. Bylaw enforcement improvements? | Reduce over-regulation, simplify, so bylaws can be effectively enforced. | All aspects. | End political interference – leaving enforcement to staff. | Review required to insure they make sense. | More money spent here means less for other services | Will boost enforcement beyond just action on complaints. | Satisfied with complaint driven system |
| 14. Long term view of Capilano Watershed | Continue use until a safer, cost effective alternate supply in service. Retain as protected reserve with no road to Whistler | Close it down | Retain as backup. | Retain as watershed. No development or road to Whistler . | Retain as watershed and protected natural area | Save at all cost. | Retain with no logging |

| 1999 FONVCA's 20 QUESTIONS | ⁽¹⁾ Don Bell | ⁽¹⁾ Ernie Crist | Bill Denault | Heather Dunsford | ⁽¹⁾ Janice Harris | Doug MacKay-Dunn | ⁽¹⁾ Lisa Muri |
|--------------------------------------------------------|----------------------------------------------------------------------------------|--------------------------------|----------------------------------------------------------------|---------------------------------------------------------------------|----------------------------------------------|----------------------------------------------------------|----------------------------------------------|
| 15. Changes to Bed & Breakfast regulations. | Propose changes which better address community and operator concerns. | Enforce rules; Large lots only | Need realistic regulations with priority to health and safety. | Current rules not sensible. B&B aspects should "fit" neighbourhood. | Supports proposed changes - up to 6 bedrooms | Size limits should be examined by an independent entity. | Supports proposed changes - up to 6 bedrooms |
| 16. Will you review Secondary Suites? | Not in near future. Current regulations seem to work well. | Yes – any time | Allow reasonable phase-in period. | Yes – within 1 year. | No | Yes – concerns and need for them should be considered. | Yes |
| 17. Views structure & efficiency of GVRD | Need to improve communication, accommodate local concerns. Against elected reps. | Elected | Needed but it lacks sensitivity and should be overhauled. | Of limited utility, inefficient, unclear objectives. | Reasonably satisfied | Usefulness should be examined by an independent entity. | needs improved communications |
| 18. Satisfied with Public Input into decisions? | Yes – believe it one of the best. | Satisfied | Yes | No – all window dressing. Decisions lack transparency. | Reasonably satisfied. | Council should continue to welcome public input. | Encourage more community input |
| 19. Favour Referendums for Major \$ | No. Referendums cause delays and cost extra. | Yes | Yes for > \$2m | Yes for large Capital projects. | No, except in certain cases. | Yes but caution needed on wording to avoid bias. | Yes |
| 20. Direct Democracy | No. Feels recommendations go beyond council authority. | Yes | No | No | No | Let the people decide after a full and open debate. | Yes |

⁽¹⁾DNAQ – did not answer/address question ⁽¹⁾INCUMBENT **DISCLAIMER/WARNING: THIS SUMMARY IS A SEVERELY ABBREVIATED VERSION OF THE DETAILED REPLIES TO THE QUESTIONS PUT BY FONVCA (FEDERATION OF NORTH VANCOUVER COMMUNITY ASSOCIATIONS). USE THIS SUMMARY IN CONJUNCTION WITH AVAILABLE DETAILED CANDIDATE REPLIES.**

|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>1. What is your position on the role of community associations with respect to both local neighbourhood and District-wide issues?</p> <p>2. Would you share with us where you obtained financial & in-kind support for your campaign?</p> <p>3. Are you in favour of the way moneys from District land sales (ie. Heritage Funds) are currently used? Please explain briefly.</p> <p>4. Do you foresee further significant growth in specific areas of the District?</p> <p>5. How often, and over what time period, have you attended Council meetings, public hearings, etc?</p> <p>6. Are you in favour in principle of the recommendations on ways to increase public access to the district's waterfront as described in the Waterfront Task Force's Phase 2 report?</p> <p>7. Do you believe in user fees for the use of District playing fields?</p> <p>8. Provincial legislation stipulates that Community OCP's provide housing for seniors & other specialized needs groups. How can the District work to provide that these housing needs are met at a time of declining budgets and growing community resistance to further residential growth?</p> <p>9. Which more closely resembles your political philosophy on growth (increased density):</p> <p style="padding-left: 40px;">a) deciding what the carrying capacity of the District is and limiting the future population to that number</p> <p style="padding-left: 40px;">b) living with constant growth, trying to minimize its negative impacts.</p> | <p>10. Do you favour the amalgamation of the City and District of North Vancouver?</p> <p>11. If required, what areas of municipal activity would you cut to minimize tax increases? Please list three, in order of decreasing priority.</p> <p>12. Do you believe that improving public transportation should be tied to densification? Why or why not?</p> <p>13. Are there any aspects of District bylaw enforcement you would like to see improved?</p> <p>14. What is your view of the long term use of the Capilano watershed?</p> <p>15. Are you in favour of the current regulations governing bed & breakfast places. If not, what do you want to see changed?</p> <p>16. Will you promise to review the Secondary Suites issue and give a time frame?</p> <p>17. What are your views on the current structure and operating efficiency of the GVRD?</p> <p>18. Are you satisfied with the current public input process for council decisions?</p> <p>19. Do you agree that major capital projects should always go to referendum? Why or why not?</p> <p>20. Are you in favour of citizen-initiated referenda as outlined in the 1999 report by the District Task Force on Direct Democracy?</p> |
