Dear Editor:

[Third SeaBus again? \(http://www.nsnews.com/news/third-seabus-new-b-lines-translink-s-top-north-shore-priorities-1.1130166\)](http://www.nsnews.com/news/third-seabus-new-b-lines-translink-s-top-north-shore-priorities-1.1130166) Our politicians are stale. One mayor even chairs the Mayors' Council on Transportation and what do we get? A promise for the third SeaBus that was promised for the Olympics. Our other North Shore mayor has explained why our small North Shore population doesn't warrant a SkyTrain connection. Meanwhile both are hell-bent for density increases to rely on a third offering of inefficient, outdated technology. **We deserved the short SkyTrain extension when the Olympic equipment was here. It will never happen with this stale group. The tax hike will.**
