Dear Editor:

Re: [Emotions Run High in Nestle Water Debate \(http://www.nsnews.com/opinion/columnists/baldrey-emotions-run-high-in-nestle-water-debate-1.2004162\)](http://www.nsnews.com/opinion/columnists/baldrey-emotions-run-high-in-nestle-water-debate-1.2004162), July 17.

Thank you for helping me find the middle road in this water debate. I have seen a few emotionally charged postings on Facebook on the subject. So who really owns the water, and what should our position be on bottling our water for resale?

Keith Baldrey did an excellent job of examining both sides and helping the reader understand the heart of the issue. It's with a bit of irony I notice people who only buy bottled water are the most outspoken against bottling our water for resale.

Now I see the contradictions and the hypocrisy on both sides of this debate. Thank you!
