## **LETTER: Plebiscite puts TransLink's spending under microscope**

North Shore News

February 4, 2015 10:21 AM

### **Dear Editor:**

The parameters for the plebiscite must be changed before the vote. TransLink must be updated, and checks and balances must be put into place as to how this money is going to be spent and by whom.

We cannot afford to say "No" to our transportation system. But, we cannot afford to throw more money at TransLink either. There must be another solution.
