

TRANSPORTATION AND TRANSIT REFERENDUM

Cut Congestion • Better Service • More Buses and Rapid Transit

One million more people will live and work in Metro Vancouver by 2040. The region's mayors worked together to develop a plan to reduce congestion on roads and bridges and to provide more transit to communities across the region.

The Mayors' Transportation and Transit Plan will:

- 

Add more bus service to crowded routes and add new routes in growing areas
- 

Build a new, earthquake-ready Pattullo Bridge
- 

Increase service on SkyTrain, Canada Line, SeaBus, and West Coast Express
- 

Build light rail transit connecting Surrey Centre with Guildford, Newton, and Langley
- 

Add 11 new B-Line rapid bus routes, with fast and frequent service connecting town centres
- 

Extend the Millennium Line tunneled along Broadway in Vancouver
- 

Maintain and upgrade the region's major roads
- 

Improve safety for pedestrians and cyclists

Revenues raised through this referendum, together with Provincial and Federal contributions, will be dedicated to the Plan. Revenues and expenditures will be subject to annual independent audits and public reporting.

Do you support a one half percentage point (0.5%) increase to the Provincial Sales Tax in Metro Vancouver, dedicated to the Mayors' Transportation and Transit Plan, with independent audits and public reporting?

YES

NO
