- The first 10 are from 2008, while 11-18 were submitted this year
1. What practical experience qualifies you for local governance?
 2. What three major issues are you most concerned about in the DNV?
 3. What are your primary goals and visions for DNV over the next 5-10 years?
 4. How should North Vancouver be policed? What are the most important issues and how would you address them?
 5. What do you propose to improve different modes of transportation?
 6. Do you advocate increased density? If “Yes”, where and how?
 7. Would you encourage civic involvement by the public?
 8. How should the DNV fund renewal of its aging infrastructure?
 9. How do you propose to provide housing for a broad range of income levels?
 10. What role should community associations play?
 11. What can be done to reduce two of our largest costs – the fire department and the north shore recreation commission?
 12. Will you commit to the removal of all encroachments where citizens have built facilities on or blocked access to public lands, before the next election?
 13. Leaving aside mandatory legislated requirements, do you believe DNV should do “green” projects even if uneconomic in a commercial sense, and why?
 14. Do you believe ratepayers should subsidize those who realistically cannot afford to live on the north shore, and if so, in what circumstances, and why?
 15. Will you push for and support a review of DNV salaries, wages, and benefits as compared to the private sector?
 16. Do you support amalgamation of some or all of the north shore municipalities, and why?
 17. What steps would you, as Mayor, take to balance the needs of the DNV against the needs of the larger community of Metro Vancouver?
 18. Do you believe that there are too many complex bylaws governing our daily lives? If yes, which existing regulations would you like to simplify or eliminate?
 19. What is your view on creating a new municipal auditor general?
