Subject: Letter to Ed: NS 'Billboard Free Zone'

Dear NSN Editor:

At NV District's public meeting concerning the erection of billboards on public property in exchange for a 'free' bridge or pedestrian overpass, the vast majority of citizens spoke firmly against the idea. This is contrary to New Westminster & Port Coquitlam who have recently embraced the concept.

I believe NV District should exercise some leadership & strike an accord with neighbouring jurisdictions including the Burrard & Squamish Bands, to make the entire North Shore a 'Billboard Free Zone'.

This would send a clear message to all Lower Mainland residents that we have high standards regarding liveability & quality of life on the North Shore. We all know this is a very special place to live, so let's keep it that way.

Yours truly, Dave Sadler
