Dear John and District inputters, As John and Ernie kindly responded to an earlier e-mail of mine, so I thought I would currently go a little deeper as it is Budget time and District fiscal responsibility and the 02 Tax position.

I am e-mailing you all that maybe from time to time you may consider writing your thoughts of an item say **just prior** to it it being discussed by Council on the following Monday.

So on this Mondays agenda. May I suggest of the item -

North Shore Community Tourist Development Plan. Have any of you any comments/ suggestions/ recommendations etc for the community/ council etc in respect of this. Perhaps if you haven't seen any document, perhaps you have comments on any proposed N.S. Tourism J.H.
