Dear Ms Wilks:

Unfortunately it was not a Joke but if it was one, than it was an expensive one, since it cost \$ 1, 600, or so we were told. I suspect that if we take everything into consideration, staff time etc, it was a great deal more. Unfortunately you can't say very much since it would not be politically correct, if you get the drift. After all this is the District of North Vancouver. In any case by the time I raised it, it was already a fact more or less.

If there was a need for a District "Logo", which I doubt very much, as we have something to that effect more or less already and which looks infinitely and in my opinion more attractive, it would have been an ideal project for a High School Art Class. I rest my case.

As far as the Tree Bylaw is concerned, I will bring this matter back to Council. Whatever merit this Bylaw has, it has been abused and there are plenty of people who can testify to that effect. There is an old saying and it is still valid " there is no substitute for common sense". If and when this item comes back I hope you will address Council. I have taken the liberty to pass your e-mail on to the Federation of North Vancouver Community Associations "FONVCA".

Thank you for speaking up.

Ernie Crist
