Dear Mr. McPherson:

Commencing July 20-2004 I will no longer claim my car allowance. For the record I wish to state that I strictly adhered to the rules pertaining to this Council policy - the only member of Council to do so.

I expect an apology in public from those members of Council who (with the permission of the chair Don Bell) attacked my personal integrity when this matter was discussed during public debate. In closing this account I expect to be reimbursed for any outstanding amount in line with the policy in force at the time.

Thank you.

Yours truly,

Ernie Crist.
