It was repaired yesterday. We had a small software problem. I apologize for the problems on Monday

Subject: Speaking Order

Mr. Ridge;

I request that the "electronics" indicating the speaking order in the Council chambers be repaired. As you know they did not work during Monday Night's Council meeting with the result that the chair was unable to follow the order as indicated by hand.

Violations of the speaking order were frequent under Mayor Bell and many people believed this was done deliberately by him in order to create unnecessary confrontation and dissension on Council.

Thank you.

Yours truly,

Ernie Crist
