A MESSAGE FROM ERNIE CRIST;

You may be interested in the Sun Story today Saturday May, 22, since it deals with a District issue which will loom large as time goes on - mark my words. Quite apart from the fact that it will also affect your pocket book. The story is in the West Coast Section of the Sun.

I won't comment on the story itself as I leave it up to you to draw your own conclusions. On the whole, however, I think that Doug Ward from the Sun has done a good job in pointing to the issues surrounding Mountain Biking in the District and beyond. So what if he let out a deep dark secret which up till now not a single soul knew which is that I was a "left wing radical and peacenik". Can you believe this?

The Canadian Government, who did know however, apparently was not overly upset since I got a medal for outstanding service to my country and my community. That is what is says on the medal. I also received honorable mention in the "Official Municipal History of BC"

The story is about Mountain Biking and about the District of North Vancouver, of course, so let's give Doug Ward and the Vancouver Sun three cheers for raising public awareness.

Ernie Crist.
