Dear Friend;

Do you know why this is allowed to continue? If you don't, I will be happy to give you my version. The explanation might astonish you and it is guaranteed one you have never heard before. Call me, you might learn something.

Subject: Sexual Assault

This morning, just after 6:00am a female was sexually assaulted on Frederick Road as she was jogging. A male ran up from behind her and grabbed her buttocks. The female, yelled at the male who continued to run off from the scene of the assault. The victim alerted a male passerby in a vehicle of what had just happened and he followed the suspect in his vehicle while the female called 911. The suspect was observed to enter a house on Peters Road. Police arrived shortly afterwards and arrested the male suspect. The suspect is expected to go to court tomorrow regarding this assault.

It is unknown yet if this is related to Friday's sex assault which occurred on a trail in Lynn Valley, and are currently investigating into that aspect.
