Dear Mr.....

Thank you for your email. In addition to children and adults, as you have mentioned, our park employees too are affected by this barbarism. However, it seems CUPE does not care that their members who have to cut the lawns and maintain the playing fields are being exposed to a severe health hazard created by dog excrement.

Thank you,

Ernie Crist

Subject: Dog latrine

Just wanted to drop you a line to let you know that i support your position 100%.I'm sick and tired of going to play soccer with my son or daughter on a field with NO DOGS ON PLAYING FIELD signs all around it and having to wipe shit off of my kids shoes and clothes.Do these people not have plenty of areas to walk already without having to use are kids playing fields? Go to Kirkstone Park in Lynn Valley any morning and there are ten people on the field,coffee in hand throwing balls for their dogs.It's a morning ritual for these people.night is the same.How they can find the shit at night is beyond me.I know i can find it in the morning.Across my kids shorts and on their shoes and half the time mine as well.Considerate dog owners my arse.

M P.....
