The approved motion of Council was to refer the next discussion of the Strategy to a Council Workshop, not to a Council Meeting. The workshop is now being organized. Ms. Rogers will advise on the date of the workshop, which will be open to the public.

Dear Mrs. Craver:

You are absolutely right, the item was to be on the agenda on April 11, 2005. An announcement to that effect was made by the Mayor in public. The fact that it is not and that the Clerk told you to call Ms Rogers, who has no responsibilities in this regard in my opinion shows contempt for the electorate.

With all due respect to Ms Susan Rogers, she is not the Clerk, she is not the Mayor, she is not elected, she is not the CEO and she does not make decisions as to what is on the agenda and when.

Agenda's are set by the Clerk with the assistance of the Mayor and the CEO. The prime responsibility rests with the Clerk. That this item should be dealt with on April 11 was announced some time ago and was a Council decision.

These kinds of shenanigans can only serve to undermine public confidence in the fidelity of the District. It is these kind of shenanigans which are leading to bigger shortcomings in government, including at the federal level, such as the current scandal which is rocking this country.

I will send an email protesting against this subversive way of dealing with District business to the attention of as many people as I can including the press.

Yours truly,

Ernie Crist

Importance: High

Dear Mayor Harris: As I was looking at Monday, April 11th's Council Meeting Agenda, I noticed that the Alpine Recreational Strategic Study is not on there?? This is the second time it has been postponed! Why?

It is an important item that needs to be dealt with sooner than later. Also, I am tired of being given the runaround by DNV Staff while trying to get information. The concerned residents of the Upper Lynn Community have been informed about this change. I do know several neighbours who had made an effort to arrange appointments, dates, etc. in order to be present for the April 11th meeting. It is not easy for people up here, most who have other priorities, to do this. We hope to hear from you very soon as to why the further delay with this issue. Thank you.
