Thanks for you email Cathy.

By copy of this email to Mr. Torry, I'm requesting he coordinate a response to your questions regarding the draft acoustical study. Translink has advised if the transit depot were approved for the BC Rail site, pre and post construction air quality monitoring would occur. I understand the 3 minute DNV idling regulation applies only to DNV roadways and not to the interior of off-road parcels. I expect economic issues will form part of the Public Hearing discussions. Expansion of the Lloyd Ave depot is addressed in the Oct 12 DNV staff update Report to Council. My reconsideration motion (#12) on tonight's Council agenda has been withdrawn and as a result Bylaw 7549 has been referred to a Public Hearing.

Jim C.

Subject: Bus Depot issue

To Mayor and Council, and other interested parties

I have attached some comments on the draft acoustical study. Please do look at it.

In addition to these comments and questions, I also wonder if there has yet been information provided on the issue of pollution.

Economic issues surrounding the different types of uses that could be accommodated on the site are not explored yet, as far as I can tell.

Also, Translink has not been asked about what the real ramifications of having two smaller depots would be, or whether increasing the size of the West Vancouver depot on Lloyd to accommodate some of the buses has been explored. There seems to be a lot that hasn't been explored, actually!

The good news (for those I'm referring to) is that some of you will be off council before having to vote on this, and for those reelected, this November's election will be in the past.

Cathy Adams
