I received an e-mail this morning which highlighted that a motion would be introduced at tonight's council meeting which would seek a moratorium on biking on Fromme until after the the Alpine Recreational Strategic Study is completed. I wish to express my sadness that members of the community would request such a drastic action, denying this excellent, well maintained venue from countless outdoor enthusiasts, young and old. The numerous existing trails provide a recreational area that West Vancouver is sorely lacking, and a great outlet for the kids in the area. It is my hope that council rejects this motion and keeps Fromme as a jewel to be experienced by both residents and visitors in the years to come. Best regards- Steve Fleckenstein
