Dear Corrie and Brian: Just to let you know. I have been informed by Councillor Cuthbert that the next Alpine Rec Study "directors workshop" will be held on Tuesday June 21st from 5pm to 7pm. It was tentatively set for June 15th, and confirmed for the 21st (it is interesting that PNEAC meets the next evening, to discuss). It is understood that the Councillors will listen to various delegations concerned or affected by the decisions of Council by summer time.

Also, it is my understanding there will be a notice of motion for better protection of Mountain View Park and pond made by Councillor Cuthbert on Monday May 30th. If passed, it will come to the table again by June 13th. We need support for this one. Siltage of the pond is a real problem due to the main bike trail riding (especially in inclement weather) through a seasonal stream that empties into the pond. Thank you.

Monica Craver
